MEDICAL

Limited NET-3000A

This is the best luxury type ENT examination and diagnosis unit for ENT specialist. Limited NET-3000A can maximize the user's treatment capability to meet any complicate treatment environment in your clinic, which offers you the great satisfaction of your customers!

Features

- Most efficient fitting design for completing ENT diagnosis space!
- Whole-in-one workstation with fabulous ergonomic design!
- Various instrument containers with sterilizing and heating!
- Hygienic saline spray irrigation!
- Various useful options on user's preferences!
- Central Water Supply / Auto-Drainage(CWS/AD) system! (customized order option)

Specifications

Compressor Pump	1.7Kg/cm ²
Vacuum Pump	600~740mmHg(Max)
Main Suction Bottle	3000cc
Sub Suction Bottle	3000cc
Power Consumption	600~1400w
Voltage	110/220V
Frequency	50/60Hz
Weight	250Kg
Dimension	1900(W)x780(L)x820(H)

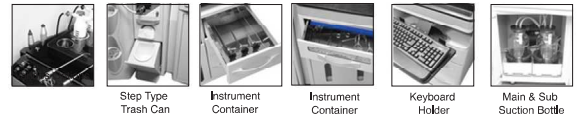

Standard Acc's

Straight Spray	3
Curved Spray	1
Suction Bottle (3000cc)	2
Gauze Container	1
Waste Receptacle	3
Medical Bottle	6
Instrument Tray	3
Anti Fog Device	1
Rotation Keyboard Table	1
Pen Light	1
Step Type Trash Can	1
Tissue Paper Container	1
Instrument Container with UV Sterilizer	1
Instrument Container with Heating	1

Option

CWS/AD System	1
View Box	1
LCD Monitor	1
Endoscopy System	1
Microscope	1
Ear Irrigation System	1
Illumination	1
Powder Spray	1
Ear Dryer	1
Eustacure	1
Operating Otoscope	1
Telescope Sterilizer	1
Head Light	1

Various Options

Grand NET-3000C

Grand unit is the semi-luxury type ENT examination and diagnosis unit for professional ENT clinic. Grand NET-3000C offers you to provide the best services for your customers in any clinical environment with various functions, reliability and stability!

Features

- Whole-in-one workstation with fabulous ergonomic design!
- Good expendability for professional purposes!
- Various useful options on user's preferences!
- Central Water Supply / Auto-Drainage(CWS/AD) system! (customized order option)

Specifications

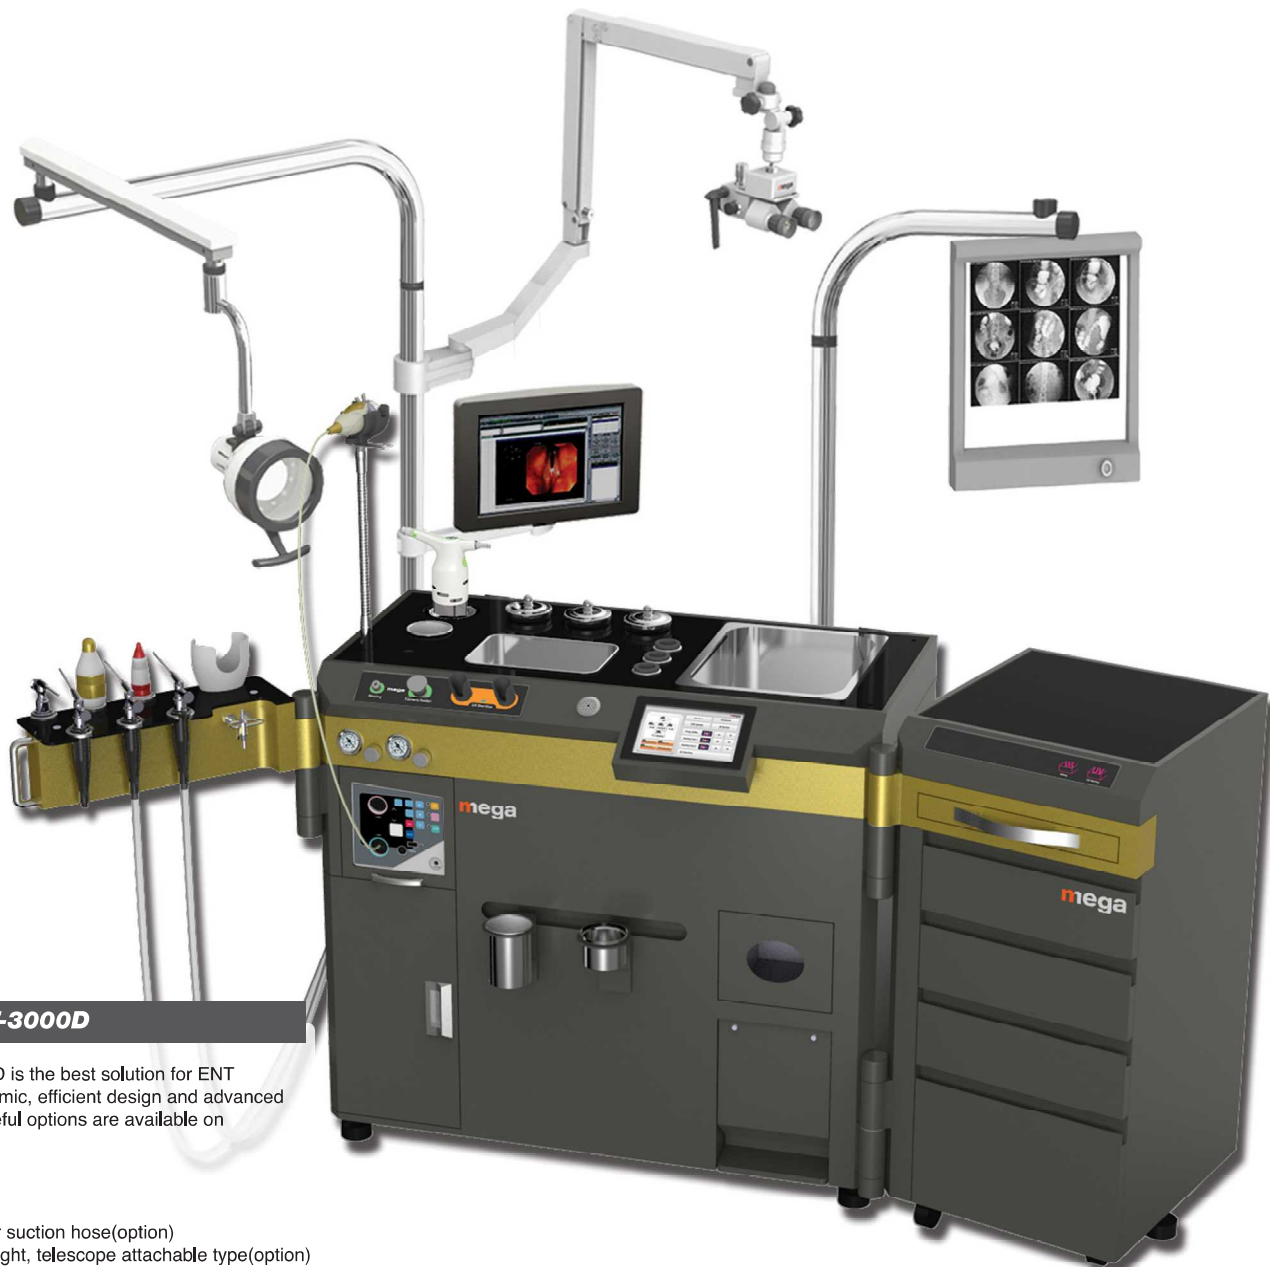

Compressor Pump	0.9~2.0Kg/cm ²
Vacuum Pump	600~740mmHg(Max)
Main Suction Bottle	2000~3000cc
Sub Suction Bottle	500~1000cc
Power Consumption	600~1400w
Voltage	110/220V
Frequency	50/60Hz
Weight	185Kg
Dimension	1800(W)x690(L)x830(H)

Standard Acc's

Straight Spray	3
Curved Spray	1
Suction	2
Gauze Container	1
Waste Receptacle	3

Micro-100

Mega microscope series offer you the best treatment or surgery environment in your clinic with the wide range image in good quality, clean and bright color through reliable optical materials qualifying for many year's sales!

Features

- With new optic fiber, can makes more clear image
- It can be mounted at ENT basic unit
- CCD Camera can be attachable in order to see with the monitor
- Fine focusing with Zone (Optional)

Specifications

Focus length of objective	F=250mm
Magnification	X2, X4, X7
Working distance	190mm
Bulb	12V / 100W

Stand Type or Unit attach type

Parameter of Binocular tube

Inclined binocular tubes	45▲
Diopter adjustment range	÷ 6D
Pupil distance range	50mm// 70m
Height of eyecups	18mm

Parameter of illumination

6 + 0 Coaxial illumination	
Maximum intensity	30000Lx or up

Parameter of position adjustment

Maximum stretching radius of arm	870mm
Vertical movement range (from floor to front surface of big objective)	700//1100mm
Range of fine focusing adjustment	30mm

Parameter of Electric

Input voltage	AC 110/220V 50Hz
Input power	120VA
Voltage	220V
Frequency	60Hz
Weight	40kg
Dimension	180(W)x60(L)x170(H)

Mobile NET-1100

This is the most efficient ENT unit in any ENT clinic environments. By its simplest concept and size, Mobile NET-1100 offers you various modification ability, application and advantages in your ENT clinic business!

Features

- Best compacted size with reasonable economic price!
- Portable type unit for any emergency situation!
- High quality endurance & noiseless suction motor, (less than 50dB)
- Various useful options on user's preferences!
- Well-designed instrument cart can be applied! (option)

Specifications

Compressor Pump	0.9~2.0Kg/cm ²
Vacuum Pump	600~680mmHg(Max)
Anti-fog Device	400w
Power Consumption	850w
Voltage	110/220V
Frequency	50/60Hz
Weight	80Kg

Dimension

Full Setting Size	1050(W)x590(L)x1250(H)
Main Size	500(W)x422(L)x934(H)
Tray Size	500(W)x500(L)x975(H)

Option

Head Light	1
Endoscopy System	1
LCD Monitor	1
Ear Irrigation bottle with funnel	1
Telescope Sterilizer	1
Operating Otoscope	1
Head Light	1
Eustacure	1
Powder Spray	1
Instrument Cart	1

Standard Acc's

Straight Spray	2
Suction	1
Medicine Bottle	2
Anti-Fog Device	1
Heating System	1
Telescope Holder	2

● Wireless endoscopy system

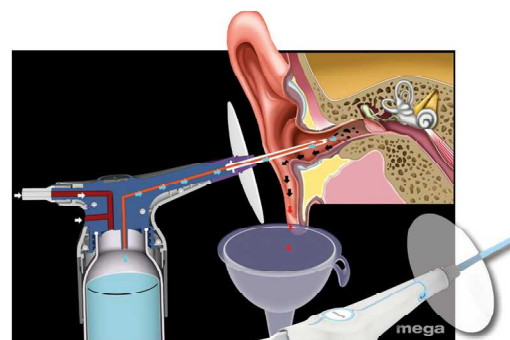

On unit

● Various options for NET-1100
Operating otoscope
Eustacure

● Instrument cart

● Removal of earwax is simply executed without any special instruments to hook up.

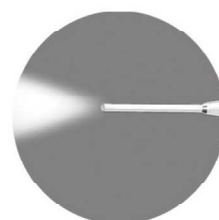

● Ear irrigation(spray type)
